You are required to include the following supporting documentation:

- Evidence of supervision:** Please provide relevant Supervision Log to confirm a minimum of 3 years' experience
- ONE professional reference from your supervisor or employer
- ONE Personal reference

Scholarships

There are a limited number of partial and full scholarships provided to applicants who demonstrate financial hardship.

If applying for a scholarship, it will help your application if you are able to outline and provide evidence of your financial hardship. Each applicant may receive only one type of scholarship. You will need to pay for the course on registration and complete all necessary parts of the application process. If your scholarship request is successful then your course fee will be reimbursed in full or in part depending on the type of scholarship you are granted.

Please submit your statement, and any relevant evidence, seeking consideration for a financial scholarship with your application materials. Scholarships will be awarded to eligible candidates on a first come, first served basis.
